

# CURRIE COMMUNITY CHURCH

End of the first term | Dreams for the future | Praying together

## End of the first term

It is with great joy that we come to the end of the term. We thank God for the strength and friends who brought us to this day. Also it is summer... holidays and season to plan for the next term.

We invite you to count the blessings of the year's first half, and dream together God's dreams for the future

## Winter brought missionaries to rest

Clovis' family came to rest and recharge before went back to Iraq.

## The spring brought more Brazilians

Welcome to Ze Paulo and Fernanda, who came to stay for a year studying English!

## Born again

Welcome to Silvia, who was baptised in April! One more to the family

## Brazilians in Edinburgh

We hosted the Second "MISSIONARY MEETING" at Faith Mission Bible College in May. We called it "THE MEETING" because it is not a conference, nor a workshop ... but it is a moment for Brazilian missionaries to meet together, to talk, to share their burdens with one another, to heal and to be healed as it is biblical : The body heals the body.

This is the second year that pastors and psychologists from OASIS -Brazil come. They offer moments of therapy and counselling, but the strength of "THE MEETING" it is on the relationship building .

Ou dream is to have our own place to receive more missionaries all year around without needing an event, but a place that would be "our home" a safe place for resting and restoring ...

## Farewell to João e Maria

This dear family moved to Huddersfield !! They will be missed !!!

## Farewell to Jeannete

Jeannete will be missed for all of us. She went to be with the father. Our prayers are with her family in this difficult time.

## Please Pray for

- May God reach the nations through us , when we touch missionaries that live all around the world
- For more people with the same heart, working together with Member Care
- For finances for the construction, for volunteers to help in the construction
- May other lives be touched by Jesus and join us
- For the house groups, and for all church's programs and projects.
- Pray for the Marriage Course, for those who re to come and for the team leading it.

## Construction

As part of this dream, we have construction plans approved to remodelling the Kirkgate building, in order to have 8 bedrooms and enough space to offer Member Care for missionaries in need.

The idea is not paying a hotel for them to rest, but it is bringing them together to heal and to be healed. A big house, that they can feel at "home" and be touched with God's love through the local church.

The construction will cost around 150,000 pounds, and we do not have such amount. We are trusting that God will provide. For this provision we are looking for likeminded partners to join us financially.

For more information about this project, go to the session "projects" on our website.

## Marriage Course

In September we'll be hosting a Marriage course. For 7 week we'll be involved and participating. May God uses the time to help couples to bid a better marriage.

You are more then welcome to volunteer to help, cooking, cleaning, serving . Let us know your availability.

Many blessings,

Currie Community Church
